

I listen to WEFN, FM88.3 out of Rockford, IL on a translator in Madison (FM103.3), and I would NOT want this displaced by a Low Power FM station. Also, I hope to eventually see a translator for K-LOVE in our state, and I think this will serve the public much better than a LPFM station. Please at least allow the current translators to continue broadcasting, and also PLEASE keep some frequencies open for future translator expansion.

Thank you for your time and consideration of this request.
